YOUR PARTNER IN THE SEARCH FOR EXCEPTIONAL TALENT

WHY DO OUR CLIENTS WORK WITH US RATHER THAN  
CONDUCT A SEARCH FOR THEMSELVES?

Our clients know that we provide responsive and exceptional service founded on years of experience in professional recruitment. We design search assignments that correspond to the uniqueness and individuality of every client's situation and strategic needs. With each assignment, Gaines consultants take the time to develop an in-depth understanding of the hiring need — questioning, comparing, defining and refining until a clear picture of the ideal candidate is formed. Then, we develop a search plan designed to find that individual in the most efficient way possible. Our clients have come to expect exceptional service combined with tailored approaches to their strategic candidate placements that result in positive ROI for their businesses. At Gaines International, we believe that personalized service is the best and only way to create the type of long-term viable relationships that we value so highly.
